

To honor Purple Heart Medal recipients, American Legion Post 10 of Weirton, West Virginia, has partnered with the City of Weirton to establish the Purple Heart Parking Project throughout Weirton and Hancock and Brooke Counties.

The purpose of the project is to honor our Nation's combat wounded who were awarded the Purple Heart Medal with reserved parking spaces at public establishments. Those awarded the Purple Heart Medal were wounded or killed while in the line of duty defending our country to protect us from enemy attacks.

We are hoping your place of business would consider placing a parking space near the main entrance of your business designated for Purple Heart Medal recipients with a "Reserved Combat Wounded" sign as shown below. The sign is the same size as a "Handicap Parking" sign. This sign will be provided by the Legion if you agree to designate a space for Purple Heart Medal recipients and install the sign at your place of business.

Our members who are recipients of the Purple Heart Medal will be notified of the names of the establishments who have agreed to designate a space to honor them for their heroic actions.

Please contact Ron Haggerty at 304-797-7092 for questions and/or placement of a space.

Monetary support to purchase signs is greatly appreciated.
